

Form 01 / Table light

FW—L01
Concept sheet / Rev 01

A quiet task light for a small working surface. An original fictional object study with a clear specification language.

Original schematic • illustrative envelope • not to scale Dimensions in mm

SPECIFICATIONS

Input voltage	24	V DC
Power input	8	W
Color temperature	3000	K
Net mass	1.2	kg
Cable length	1.8	m
Finish	Warm graphite	finish

MATERIAL & CONSTRUCTION

Powder-coated aluminum

Folded body, recessed diffuser and a weighted base. Assembly details remain a design proposal.

INTENDED USE

Indoor desktop task lighting. A concept for communicating specifications, not an approved commercial product.

LIMITS & VERIFICATION

Electrical safety, photometry, durability and compliance are not verified. The drawing represents a product envelope, not manufacturing geometry.

SOURCE / STATUS

Fictional Skilly example brief, October 2026. All dimensions and specifications are illustrative.
